

**What if I told that you could walk on water?**

With us, nothing is impossible!

Imagine yourself in the Arctic Winter, with the frozen Sea and the trees covered with snow.

A weekend with time for complete relaxation in the air of Swedish Lapland. With wellness activities in the snow, on ice, surrounded by the nature.

For 4 days and 3 nights you get to stay at Munkviken.

Munkviken is situated at the very end of the road, where the forest ends and the beach meets the ocean. The main building is a former vicarage that was moved to this place and since 1941 it has been a place for learning and for recreation. The accommodation is simple but the surroundings are magnificent, with old forest just next to the barren, windswept frozen sea. The old red wooden buildings offer warm shelter and the kitchen serves delicious food.
